

# eBLASTER®

MONITOR. ALERT. PROTECT.

## KNOWING EVERYTHING THEY DO ONLINE IS AS EASY AS CHECKING YOUR EMAIL

eBLASTER® records your teen's online and computer activity, and then automatically emails you easy-to-read reports, as well as immediate copies of their chats, instant messages and email. With eBLASTER®, protecting your child 24/7 is as easy as opening your email!

*"This easy-to-use program provides comprehensive, personalized reports."*

-Gannett News

### SEE THEIR ONLINE ACTIVITY

Get comprehensive reports of everything they do online and on their computer sent right to your email. eBLASTER® Activity Reports are sent automatically to any email address you choose, as often as you like.

### BE NOTIFIED IN REAL-TIME

eBLASTER® Instant Notification keeps you "in the know" by automatically sending you an exact copy of every email, chat and instant message as they occur.

### BE ALERTED

Know if they're in danger and take immediate action. eBLASTER® Keyword Detection sends you an immediate email alert whenever a keyword or sensitive phrase is encountered.

Activity Reports - Get instant email forwarding!	
 4:00 PM	Your daughter comes home from school and goes online.
 4:05 PM	She receives an email from an unknown guy named Tom.
 4:06 PM	Within seconds, eBLASTER sends an EXACT COPY of this email.
 4:15 PM	Your daughter replies to the email from Tom.
 4:20 PM	Within seconds, eBLASTER sends you an EXACT COPY of her reply.

### eBLASTER® Activity Report

eBLASTER® creates a detailed report of their Internet activity and then emails it to you as frequently as you choose. eBLASTER® Activity Reports include emails (sent and received), chat/instant messages, keystrokes typed, websites visited, online searches, programs launched, Facebook and other social networking activity, files transferred and more.

### Instant Email, Chat & IM Forwarding

eBLASTER® captures emails, chats and instant messages the moment they are sent or received and IMMEDIATELY forwards an exact copy to your email address.

Install eBLASTER® on the computer you wish to monitor and walk away. It's that simple! eBLASTER® automatically records EVERYTHING they do online and on their computer, including:

-  Emails Sent and Received
-  Chats and Instant Messages
-  Keystrokes Typed
-  Files Uploaded/Downloaded
-  User Activity
-  Online Searches
-  Websites Visited

*"No household with children should be without it."*

-M. Baranski

*"Your company is saving children. Be very proud."*

-Lisa K., St. Louis, Mo

## See Their Online Activity

eBLASTER® recordings are organized into an easy-to-read Activity Report that is automatically sent to any email address you choose as often as you like. Now you can keep watch over their online activity.

## Be Notified Real-Time

eBLASTER® Instant Notification keeps you "in-the-know" by automatically and immediately forwarding you an exact copy of every email, chat and instant message as they occur.

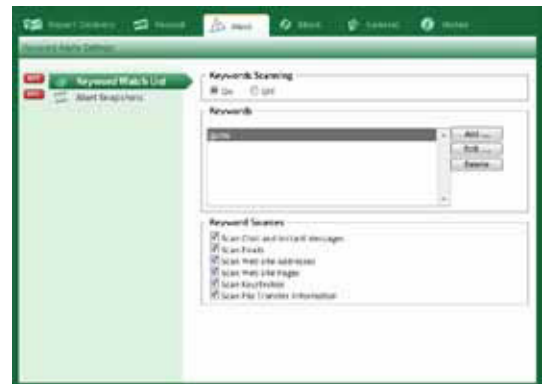

eBLASTER® will keep an eye out for inappropriate activity. Upon detection of any listed words or phrases (within an email, on a web page or typed on the keyboard), eBLASTER® will immediately send you an Alert email warning you of possible trouble.

eBlaster has detected the following keyword:	Computer Identification
<b>Sex</b>	Computer Name: Jsmith's Computer Username: johnny
Keyword was detected in:	Serial Number: 2544XXXXXXXX775X
Webpage Contents	Version: 6.0 Build: 2016
Application where keyword was found:	
Internet Explorer	
Date/Time of detection:	
Wed Nov 28 11:56:53 2007	
Additional Information:	

## Detect Danger

eBLASTER® will scan your recordings for sensitive words or phrases and send you an immediate Keyword Alert via email if danger is detected.

A powerful feature of eBLASTER® allows you to instruct the program to look for certain keywords or sensitive phrases. When they are found, eBLASTER® will record the incident and alert you immediately.

## About SpectorSoft

SpectorSoft monitoring solutions keep children safe online by providing parents the tools to monitor and record their children's computer, online and mobile device activity. The information gathered can be used to track, manage and notify parents of potentially dangerous situations. More than 900,000 consumers and 160,000 businesses, government organizations, schools, and law enforcement agencies have purchased SpectorSoft products to help protect children, manage risk, prevent data loss and address compliance mandates.
